

## You Do Have A Choice For Security!

**Damar Security Systems is one of Ontario's largest independent full service electronic security providers.**

**We are Listed by the Underwriters' Laboratories of Canada for the provision of FINANCIAL SAFE AND VAULT PROTECTION. We can provide you with ULC Certificates where required for financial and premises installations.**

**With the impending changes required in the SEP Guide you may be required to make significant modifications to your electronic protection. Don't invest new money into old security technology – you owe it to your members to investigate what we have to offer!**

**Damar Security Systems has both the technology and the technical expertise to help you implement these changes.**

**And we are not married to highly expensive proprietary control and signalling equipment like the major national suppliers. We are free to select the most cost effective products for your requirements. Our significant investments in new communication technology will give you unsurpassed alarm signalling reliability. Multiple communication paths for less cost than Bell DVACS Service is just one Damar Security Systems' advantage.**

**Please call us for more information – toll free 877-263-2627**
