Dear Vicki

For over fifty years Christmas Baskets has had a simple goal: ***to ensure that no child goes without a toy at Christmas and no family without Christmas dinner.***

On behalf of Christmas Baskets, I would like to thank you for your donation of the security system and monitoring program, along with Dave, Rob and Trevor for the generous donation of their time to install the system. Having the system in place gave me a piece of mind that our toys and food donations were secure. In addition I would like to thank your employees for their volunteer hours assisting at Christmas Baskets and arranging to pick up donations on our behalf. Once again, thank you for all your company and employees did for us this season and we look forward to working with you again in the future.

This year we were able to help **2,618** families, which equates to **3,074** children and **4219** adults. Our organization receives no government funding and is completely dependent upon donations and assistance from individuals and organizations in the community like yours.

Sincerely,

Cindy Oliver
